201 LTF FRG NEWS BRIEF

Volume 4, Issue 2

9 February 2003

KODIAK CORNER

"Battle Support"

Greeting from Kosovo. I can't believe its already the middle of February! Time seems to be flying by. I guess the seven day work week makes the weeks go by faster.

This week the training highlight was Slingload training on 8 FEB. We did this in preparation for our Logistics Capability demonstration being conducted on 10 FEB. On that day we will showcase all of the battalion's logistic capabilities, to include a MEDEVAC demonstration, Supply Support Activity tour and much more. The audience for this event will be approximately 80 officers from all of the MNB(E) nations. I will tell you about the day's events in next week's newsletter.

SSG Crawford attended the Small Arms Master Gunner course this week.

This weeks promotions included: **SGT Janelle Jackson**. SGT Jackson is a Mortuary Affairs Specialist attached to us from Ft. Lee, VA.. She's an outstanding troop and we are proud to have her in our unit. Congratulations SGT Jackson and keep up the good work.

3/5 Platoon conducts Slingload training on 8 FEB.

Here's the weekly Family Newsletter from Kosovo. The LTF soldiers are staying motivated, fixing about 40 pieces of equipment a day, treating about 16 patients a day, recovering a vehicle a day, training, issueing or turning in about 300 parts a day, manning 4 towers a day on the Camp Bondsteel perimeter, supporting gunnery exercises, managing all aviation and ground maintenance and supply for the American Forces in Kosovo, and doing whatever else they need us to do. With the world and local threat increase, we are preparing and taking added force protection measures. With the upcoming transition to the 28th Infantry Division, we are preparing to inspect and turn in over 1200 pieces of excess equipment . Most of the LTF will be home in April. About 40 LTF
